RESPONSE TO AN ELECTION OF SPECIES REQUIREMENT

ASSISTANT COMMISSIONER FOR PATENTS  
WASHINGTON, D.C. 20231

SIR:

In response to the communication dated February 21, 2003, and further in response to the Election of Species Requirement contained therein, Applicant herein provisionally elects the species noted in the requirement to be "Species 1," said to correspond to Figures 3 and 4, and list Claims 1, 2, and 25-28 as being readable thereon.

In addition, Applicant respectfully traverses the Election of Species Requirement as it fails to set forth a serious burden in terms of searching and examining all of Claims 1-28 together. Note MPEP §803 which states that:

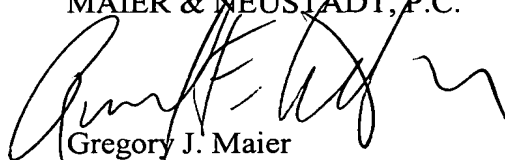

If the search and examination of an entire application can be made without serious burden, the examiner must examine it on the merits, even though it includes claims to independent or distinct inventions. [Emphasis added.]

RECEIVED  
MAR 24 2003  
TECHNOLOGY CENTER 2800

Accordingly, it is urged that this Election of Species Requirement should be withdrawn and that an Action on the merits as to all of Claims 1-28 should be forthcoming.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
